## MARITIME INITIATIVE APPLICATION FORM

- Please **DO NOT** submit your application unless you have uploaded all documents
- Please upload the following documents:
  - Valid E. Passport (1<sup>st</sup> four pages)
  - Valid N.I.B. Smart Card (front and back)
  - Voter's Card
- Applicants must be 17 years old and older
- Applicants must be Bahamian
- Eligibility:
  - General work experience
  - High School Diploma
  - Degree
  - Disabled

### APPLICATION DEADLINE:

Please select (✓) position desired:

☐ **MECHANIC APPRENTICES**

- Looking for individuals with mechanical aptitude that enjoy working with their hands and using a variety of power and hand tools to repair many mechanical components used in boat maintenance and manufacturing
- Troubleshooting knowledge is required
- Applicants will be trained in:
  - Outboard Propulsion
  - Inboard Propulsion
  - Generators (gas and diesel)
  - Hydraulics
  - **ALL** mechanical components driven by motors

☐ **ELECTRONIC and RIGGING APPRENTICES**

- Looking for individuals that have a fascination with electrical components and computers. The Apprentice will learn the inner workings of all electrical systems and how to wire a boat to ensure proper operation.
- Applicants will be trained in:
  - Electrical Installation
  - Computer Networking
  - Installation of Sound Systems
  - Chart Plotting
  - Lighting (Interior and Exterior)
  - Radar Pumps
- Apprentices will be required to run all wiring and cabling to work in conjunction with the mechanical products.

☐ **CARPENTER APPRENTICES**

- Looking for candidates who enjoy building and creating things from scratch.
  - Apprentices will be trained in the following areas:
    - Architecture
    - Development Officers
    - Project Coordinators
    - Financial Planning
    - Installation Technician for Battery Charging Systems
    - Marine Power Supply Supervisors
    - Lighting Installation and Maintenance
    - Fibre Glass Fabrication
- Carpentry skills is a prerequisite for any Apprentice who wishes to work in Fibre Glass Fabrication

Please select (✓) position desired:

☐ **LAMINATION APPRENTICES**

- Looking for candidates that want to become Fibre Glass Fabricators
- The Apprentice will be trained in uses of **ALL** composites and resins used to build boats and/or any fibre glass parts.
- The applicant will be trained in a series of different types of Lamination processes as follows:
  - Hand Lay Up
  - Vacuum
  - Bagging
  - Infusion Techniques
- This Apprentice position requires knowledge of hand power tools and attention to details. Good mathematical and carpentry skills are required.

☐ **METAL WORKING and WELDING APPRENTICES**

- Looking for candidates that want to learn the skills to utilize aluminum and various metals.
- The Apprentice will learn how to use specific metal working tools including but not limited to:
  - Welding
  - Plasma
  - Pipe Bending
  - Metal Fabrication (to make aluminum tubing components)
- This Apprentice position requires good math skills for measuring to ensure that components are being measured and joined to an exacting standard.

☐ **CAPTAINS and FIRST MATE APPRENTICES**

- Looking for candidates that wish to learn how to operate boats in various sea states, ability to perform safety and rescue techniques.
- Extensive training for the applicant is as follows:
  - Use of ALL mechanical and electrical systems that make the vessel operational
  - Rules of the waterway
  - How to utilize electronic aids (i.e. Chart Plotters to navigate the waterway)
  - How to use Navigational Charts
  - How to handle routine Maintenance and Checklists
- Prerequisites will be knowledge of the waterways and boat handling such as docking and high speed boat handling in various sea states.

**NOTE: This invitation is extended to ALL invested local businesses**
